

About St. Barnabas Health System

St. Barnabas Health System is a non-denominational, not-for-profit health care system serving the residents of southwestern Pennsylvania. Religious Brother Gouverneur P. Hance founded St. Barnabas in 1900 as a free home for convalescent and incurably ill men and boys. More than a century later, the mission of St. Barnabas Health System still focuses on providing skilled, compassionate care to all those in need.

Today, St. Barnabas Health System is the largest health care concern of its kind in Pennsylvania. The system, located on campuses in Richland Township, Allegheny County, and Valencia, Butler County, serves more than 900 inpatients and residents, plus 36,100 outpatients and home care visits. St. Barnabas is building a reputation as the premier choice for physical, occupational and speech therapy in a skilled nursing environment.

The system includes:

- **St. Barnabas Health System** – The system offers a complete continuum of care – from independent living for retirees to skilled nursing care.
- **St. Barnabas Charities** – The fund-raising arm of the system. Through the St. Barnabas Free Care Fund, patients received \$4.3 million in free care during 2008 alone.
- **The Kean Theatre** – Operated by St. Barnabas Charities, the 350-seat theatre provides community members with entertainment in an elegant environment. Proceeds benefit the St. Barnabas Free Care Fund.
